Congratulations!

Dear Friend,

It might be hard for you to believe, but your life, which right now could be very disturbed, can be quickly changed. Never again will you have to bow your head in defeat. Never again will you say, "What's the use? I'll never get what I want!" Believe me, things will get better! Things will improve! More than you can ever imagine! Just let me prove it to you. Everything has its right moment in life and your moment has finally come. Success is not something you have to seize by force or fight an exhausting uphill battle to achieve. It comes naturally as water flowing down the mountain and emptying into the sea. The blessings of success are already within your reach. Just allow the barriers that hide them from you to be removed. Fortune will smile on you very soon and serious money will come to you. You can attain your most cherished dreams simply by following the right advice. No longer do you have to envy those who enjoy success and prosperity. All these can finally be yours if you want them. All I ask of you is to follow the advice I give you. Ask yourself this question at least once a day: "Why am I not cash gifting?" If you manifest your thoughts on cash gifting long enough and take a step by step approach until you fully understand it, there is no way to lose...

It doesn't matter if you're a seasoned marketing veteran or a mail-order or internet newbie, if you set your mind to do your diligence then you will see the unmatched power of this brilliant concept. There is nothing more simple, straight forward, and to the point than cash gifting. It's simplicity enables anyone with the desire to embrace a life of abundance to implement a cash leveraging system.

Unlike multi-level marketing or direct sales, cash gifting has no product so there is no selling, explaining, or complicated learning curves to overcome. And, with Club Seven Fifty Cash Fund you don't even have to make a phone call. You don't have to be a collage graduate, a sales professional, or a marketing genius to understand and implement the system.

This is by far the most important decision in your life; at the same time the greatest opportunity you have ever been offered. Discover the vast array of benefits that can be gained when you engage a program of mutual sharing with like-minded individuals that wish to increase their wealth and the wealth of others. Rediscover humanity. Rediscover the concept of giving. Release your fears and embrace the future. Follow my advice... Accept my offer. Respond to this invitation at once.

Sincerely,

James Carlton

When the voice, and the vision on the inside become more profound, and clear, and loud than the opinions on the outside, you have mastered your life.

Are the programs you are in, or the ones that are presented to you, complicated and hard to understand? Why Should they be....they don't have to be when it can be so easy and simple.

With Club Seven Fifty Cash Fund you receive

CASH... Sent To YOU Daily!

Club Seven Fifty Cash Fund is a home based income plan that utilizes the power of Cash leverage through gifting. One issue that people are concerned with about cash gifting is the big question "Is cash gifting legal?" For the IRS PUBLICATION that proves cash gifting to be legal refer to <http://www.irs.gov/pub/irs-pdf/p950.pdf> for all the details. While cash gifting is legal... gifting pyramids are illegal. The vast majority of modern cash gifting programs are, in fact, pyramid scams. There's no doubt about it. That doesn't change the fact that there are a select few programs in existence that still care about integrity and honesty. Club Seven Fifty Cash Fund is one of those programs. We care about the concept of sharing wealth to help those who are seeking assistance. Everyone needs help sometimes. The concept of sowing and reaping is age-old. It is timeless, and doesn't change. That is why our plan is designed where there are no 1-Up's, or 2-Up's or someone at the top getting filthy rich off of your gifts. There is no pyramid in our plan. It was designed to help everyone who wants to give and receive consistent sums of money without dealing with the hassles and stress of a traditional business. With Club Seven Fifty Cash Fund the 'gifts received' potential can be staggering, but keep in mind that in true giving no return is expected, and no amount of gifts can or should be guaranteed. However, the Bible says "Give and You Shall Receive". Our plan can improve your financial life forever, and can even supplement any business you may have. CASH IS BEST. No Paper... No Trail, and this plan is kept completely honest by being fully monitored and audited. All funds are promptly distributed to their proper recipient. All participant addresses, emails, and phone numbers are confidential. The operator of Club Seven Fifty Cash Fund, James Carlton, is well established and has been at the same address since 1971.

The person who sent you this invitation does not have to be with you while you read it or participate.... They are free to spend their time as they wish, because our staff will do the work and forward all the money directly to them. Every Day!
