

HOW TO GET PEOPLE TO SEND THEIR MONEY TO YOU . . .

For a limited time only we are going to give away dealership rights to this valuable book!

We're talking about people sending money to you everyday. Just as sure as the sun comes up, your mailbox can be filled with cold hard cash. Call it cabbage, lettuce, moolah.

Call it anything you want. It's yours . . . It's cash! It's spendable! **It can get you the things you want and need!** Luxuries, necessities, charities, it's uses are endless, and you can get a continuous supply.

You may be currently making a few extra bucks with your own mail order business. I'm sure it's a thrill every time you open an envelope with cash inside. It can be an even greater thrill to **open 50, 100, 200 or more envelopes everyday**, loaded with good old American greenbacks.

Our brand new book "**101 Money Making Secrets**" can be one of the most profitable things you will ever receive. Find out the secrets. Learn from them and get ready for a cash explosion. Your neighbors may think you won the lottery.

Finally, it's **your turn** to be first for a change. The book is **brand new**. It can help you in two ways. First you can **benefit from the information contained within the book**. It could be worth thousands of dollars to you. We'll also include with your order, this free bonus: "**99 Ways To Increase Mail Order Profits**". The bonus alone is worth ten times the cost of the book.

Here's the second point. And it's extremely important. **For a limited time only we are going to give away dealership rights to this valuable book**. You could make so much money with this, you'll think it's raining \$20.00 bills from the sky. But, you'd better hurry because we are only going to accept a **limited number** of dealers. Once our quota is met, we will no

longer accept any more new dealers. Dealers make an **incredible 75 percent profit**, that's a whopping \$15.00 per book clear profit. My wife and my associates think I'm crazy. They think I should just sell the book myself for at least two or three years before I give away dealership rights. But I'm not greedy. I'm already making a very comfortable living just applying many of the principles taught in the book. I know what it's like to go to the mailbox every day, hoping that this is the day I start receiving a lot of cash. I know what it feels like to be disappointed when nothing comes in. I also know what it feels like to go to the post office and have so much mail they give you a big container to put it in. I know what it feels like to spend a couple of hours doing nothing but opening envelopes filled with orders and checks.

Now, it could be your turn to start doing the very same thing. You can make enough money to pay off a few bills. Ninety days from now you could be knocking down \$500 to \$1,000 a week. It's not impossible. I don't know how well you will do. I do know this is a 500 billion dollar a year business. I do know that **92 million Americans may want to buy this book**. The marketplace is wide open. The book is brand new. The opportunity for you to begin making money is right here before your eyes. You're looking at it. You can do one of two things. You can keep wishing and grow older. You can order the book and take control of your financial destiny. You'll still grow old, but you may very well build a sizable retirement income in the process.

I must warn you that we may possibly withdraw our offer for marketing rights, once our quota of new dealers is met. If you want to jump on the bandwagon, you must act right away. I urge you to place your order today. **By this time next year you could be the success story everyone's reading about.**
