

"The \$2 Tidal Wave"

Turn \$2 Into Unlimited Income and Mailing Leads for Life!

"The \$2 Tidal Wave" is a 2x2 forced "company" matrix (6 entries per level). Entries are placed from left to right, in the first available position in the matrix, under your sponsor. This creates spillover as the upline & downline are both working to fill the matrix. Sponsoring is not required! (see below). Your \$2 will be leveraged through nine levels and each time you cycle through the nine levels, you will receive \$3560.00.

"The \$2 Tidal Wave" is **100% legal** as it involves the sale of a product which we can "all" use, mailing list leads. Upon joining the program and after every completed level, whether it be level 1 or level 9, you will receive **60 leads** (names & addresses only) on paper. These leads can be used for promoting any MLM program. These leads are purchased from mailing list companies in the U.S.A. Should you receive any undeliverables, return them to me at any time (no time limit) and I will send you an extra 10 names for each nixie returned to me (please include the front of any envelope that is being returned as undeliverable).

I pay weekly on all completed cycles. You can cycle weekly, which means you could receive pay outs weekly!

As stated above, sponsoring is not required. You can cycle through spillover however, there is quite a wait. Sponsoring is handsomely rewarded with my sponsoring bonuses (an extra \$700 per member that you sponsor when they have completed all levels). A code # will be assigned to you, to track your sponsoring bonuses and will be included in your introductory material. Code #'s can not be assigned until you send in an application form. We also have a new advancement system, for those who are "active" within the program. Full details on our advancement system will be supplied to you when you join the program.
