

Yes, we really made over one thousand dollars our first month in this very simple \$25 program mailing just one single page. Plus, we're on track to make \$1,000s more per month.

The reason so many people will make serious incomes with this is simple. Millions of people want our product, and our compensation plan is flat out revolutionary. **We got 5.6% response to our first mailing!!!** That proved to us that people are ready for this program. Now, you may not get the same results, but there will be a LOT of people making good money in this one! So, join us and start building your income! It's not hard and it doesn't cost much. This simple system actually works when combined with the very unique features that Smartz Marketing offers. Let me put it simply:

- 1) \$25 buys you 250 high quality, high response mailing leads on labels to use to promote **whatever opportunity you are involved in**. These leads build your primary business and make you more money as well!
- 2) Many people buy more than 250 leads because of the low cost and exceptional value of larger orders. 1,000 of the same super premium names is only \$60, that's a \$40 savings!
- 3) A single order of \$25 (20 cv) qualifies you to earn commissions for 12 months, and since they pay twice a month, you are qualified to earn commissions for 24 pay cycles with just one order! There is no forced monthly "autoship." People love this feature!
- 4) A compensation plan with **a 100% maximum payout!**
- 5) You can have multiple positions within your own matrix which allows you to be double and triple paid on many orders. Imagine having up to 12 matrix positions, each qualified to earn 100%! This makes it easy to earn big money without needing thousands of people in your group.
- 6) **You can earn up to \$92,800 with each filled matrix, even with everyone ordering just the minimum \$25 order.** Now that's a nice chunk of change! And remember you can have up to 12 matrixes!

With this revolutionary compensation plan and this proven money making system, you can't lose. There is no down side: For \$28.75 (\$3.75 for S&H), you get 250 top quality leads on labels, then, if you want to make money, follow our system to start a flow of residual income that you couldn't stop if you wanted to.

Best Wishes for Great Success in all that you do,
Jeff & Carla Breakey
